January 16, 2018

To Whom It May Concern:

Since the inception of my administration as District Attorney in January, 2015, Tony LeMon has performed the duties of Chief of our Civil Division and Director of our Diversion Program. During this three year period, Tony has been a key member of this Office's administration, particularly during the important transition years after my election.

Tony has proven himself to be a valuable employee. He has a very unique set of qualities which include tenacity, intelligence, quality workmanship, honesty, commitment, ethics and loyalty. He is at his best in the most adverse of circumstances.

While his return to his civil practice is our Office's loss, he leaves the Civil Division in excellent condition and the Diversion Program modernized with the first software in the State designed specifically for diversion programs and several other major changes which greatly improve the program. Tony has given quality service and sacrifice to this community in closing his practice to accomplish these goals.

With no hesitation, I wholeheartedly recommend Tony's legal services in his new solo practice and I wish him all success in his future endeavors.

Sincerely,

Warren L. Montgomery
District Attorney
